COVID Precautions at Camp

At YMCA Camp U-Nah-Li-Ya it is our responsibility to help maintain the health and safety of every guest we serve. Using resources from the CDC, ACA and State of Wisconsin we have developed a detailed document explaining how the Y staff at Camp U-Nah-Li-Ya will provide a safe, healthy and quality program in the midst of the COVID pandemic. Although each element of the program has specific guidelines we urge guests to at least familiarize themselves with these basic best practices that will be in place:

- Temperatures will be taken of all guests upon arrival and daily for staff.
- Guests and staff should wash or sanitize their hands before and after every activity.
- All equipment and supplies will be sanitized before and after every use.
- Guests and staff will maintain social distance whenever possible.
- Guest and staff must wear masks when entering any building (other than your own cabin/sleeping quarters), being harnessed for the rock wall and when within 6 ft. of others outside of your household.
- Restrooms will be sanitized twice a day by camp staff.
- Tables will be assigned in the Dining Hall to restrict intermingling of groups.
- All activities that can be conducted outside to maintain maximum distance will be.
- Guests should monitor themselves and their family members daily for symptoms of COVID and should not attend a camp program if symptoms are present.
- Guests should only participate to their comfortability—opting out is always a respected choice.
- Guests should help Y staff by following all health and safety procedures.
- Guests should bring any concerns to Y staff immediately.

Families and camp staff will need to work together to help ensure everyone has a safe, healthy and enjoyable time at Camp. Our complete COVID policies and procedures can be found [here](#).
