OUR HISTORY

Since 1937 we have served the children and families of the Greater Green Bay area. Our long standing traditions are rooted in our beginnings as a logging camp in an area famous for its fur trading and trapping history. Many of the tried and true activities at Camp U-Nah-Li-Ya such as canoeing, the legend of Ole Peterson, and the Nor'Wester Trip are tributes to where we began. Each year we make improvements and expansions to our facilities and programs. Today we serve close to 1,000 campers from many different states and even other countries!

Campers attend bath houses as a group, supervised by staff. Shower times are scheduled by age. Bath houses are cleaned and sanitized multiple times per day.

Meals are eaten in the Dining Hall, the largest building and the heart of camp. Food is prepared in our modern kitchen by our skilled and passionate food service team. ARTS AND CRAFTS

Campers express their creativity through a variety of artistic media. Painting, sculpting and weaving are just some of the disciplines explored. At the end of the week, they will have a great understanding of how time and effort can produce works of art they can display with pride.

FISHING

This is the perfect specialty area for kids who love the thrill and challenge of hooking Wisconsin's freshwater sport fish. From shore and watercraft, campers in the Fishing specialty area will learn in-depth tactics for catching pan fish, bass and northern pike.

This specialty area gives each camper extended opportunities to fish and maximizes their quality time with our counselor role models.

SELECT YOUR SPECIALTY AREA

MARKSMANSHIP

This area includes archery, riflery, slingshots and atlatls. Everything begins with a firm foundation of safety practices and then grows to advanced techniques and competitive marksmanship. Hit a bullseye, knock over the can, and score points while learning self-discipline and self-control.

SURVIVAL

This area focuses on living with the forces of nature to survive and thrive in the great outdoors.

Campers learn skills in fire building, shelter making, fishing and other bush craft skills. Muddy shoes, dirty hands, and big smiles are to be expected.

WATERCRAFT

In watercraft, campers will learn advanced skills in canoeing, kayaking and stand-up paddleboards. They will practice proper techniques such as wet exits from kayaks and T-rescues in canoes.
